

# Motormower : MF 90 MF 90 50S

## Features

- > Professional cast iron engine warranted 3 years or 2500 h.
- > Dead man's handle safety lever on handlebar.
- > Independant clutch for cutting bar.
- > Height of cut adjustable with skids.
- > Minimum cutting height: 3 cm.
- > Mechanism with kinetic cone.
- > 350 mm diameter tractor wheels run flat treated.
- > Coverage 1500 m<sup>2</sup> per hour on open land.
- > Oscillating ESM bar (87 cm) with self adjusting mechanism between the blade and the fingers.
- > Foldable handlebars on silent blocks.
- > 3/4 turn hubs for improved handling.

## Technical information

Recommended area	< 5 000 M <sup>2</sup>
Working width	87 cm
Gears	Single speed: 2,5 km/h
Weight	73 kg
Type of engine	Subaru EP 16 4 stroke cycle OHC
Displacement	169 cm <sup>3</sup>
Net power output <sup>1</sup>	4,2 kW at 4000 rpm-1
Nominal power output	3,3 kW at 3300 rpm-1
Fuel capacity	3,4 L
Oil capacity	0,6 L

## Practical information

Packaging	Unit box
Box dimensions (LxHxh)	1200 x 800 x 1000 mm
Quantity by pallet	2
Type	Mower
Pallet dimensions (LxHxh)	1200 x 800 x 2000 mm
Product code	0000030206
Gen Code	3700304807127

<sup>1</sup> The Engine power output indicated in this document is a net value measured by testing a motor according to the SAE J 1349 norm at a given engine revolution speed. The power of another motor may be different from the indicated value. The true power of a motor depends on several factors such as engine revolution speed, temperature, humidity, atmospheric pressure, maintenance and others.
