- > Retractable front wheel

Technical information

Recomended area	< 2 500 m ²
Working width	60 / 90 cm
Gears	2 forward 35 - 120 rpm-1 1 reverse
Working tools	6 tines Ø 325 mm
Weight	76 kg
Engine	Honda GP200
Displacement	200 cc
Net power ¹	4,1 KW to 3600 rpm
Nominal power	3,9 KW to 3300 rpm
Fuel tank capacity	3,1 L
Oil tank apacity	0,6 L

Practical information

Packaging	Carton box
Box dimensions (Lxlxh)	830 x 600 x 820 mm
Quantity per pallet	12
Pallet dimensions (Lxlxh)	1650 x 1200 x 2630 mm
Produc code	3500020704
Gen code	3700304801354

¹ The Engine power output indicated in this document is a net value measured by testing a motor according to the SAEJ1349 norm at a given engine evolution speed. The power of another motor may be different from the indicated value. The true power of a motor depends on several factors such as engine evolution speed, temperature, humidity, atmospheric pressure, maintenance and others.
